

**DOWNTOWN**

- Improved streetscape: historic pedestrian-scale lighting, widened sidewalks, new street tree plantings, benches
- Design policies to encourage new building signage and canopies, where appropriate, and outdoor seating
- Bike racks
- Improved pedestrian crossings
- Visitor kiosk
- Encourage development of retail, restaurants and market-rate housing

**COMMUNITY CENTER AND PLAYGROUND**

- Primary community waterfront access point
- Expand and remodel Community Center to include small commercial venture and expanded elementary school activities
- Develop interpretive signage for flora and fauna, water resources, mill and water power history, etc. for summer and after school education programs geared to elementary age children
- Reprogram playground for "Adventure Play" with programs designed to encourage children to play and build creatively
- New beach access and canoe/kayak boat launch
- New connection to Elm Street, through to Canal Street

**BOARDWALK CONNECTION**

- Important loop connection from Harlem Valley Rail Trail to Lakeshore Park and Community Center, Canal Street and downtown

**EAST GATEWAY**

- Gateway signage
- Historic pedestrian-scale lighting
- Crossing for potential Harlem Valley Rail Trail
- Possible redevelopment opportunity

**HARLEM VALLEY RAIL TRAIL CONNECTION**

- Potential connection to trail coming into Village
- Make connections along waterfront with new boardwalk connecting to Lakeshore Park and Community Center, Canal Street and Downtown

**WEST GATEWAY**

- Gateway signage
- Permeable pavement treatment in parking lot
- New small-scale flowering trees and larger-scale canopy trees
- Pedestrian-scale historic lighting
- Benches

**NEW TEEN CENTER AT LIBRARY**

- New teen center in building located behind library
- Include free Wi-Fi, tables for group study, relaxing chairs, large screen television(s), pool tables, foosball tables, ping pong table
- Provide computers to help with home work research
- Outdoor patio space

**CANAL STREET MILL #4 PROPERTY**

- One of the Village's most promising opportunities for new building construction and economic development
- Important heritage interpretation opportunities with remnants of Mill #4 still intact
- Direct connection to Main Street with safe pedestrian connections to the waterfront along the proposed pedestrian improvements on Elm Street through 16 Summit Street into the proposed reprogrammed Lakeshore park

**ELM STREET**

- Complete street reconstruction with new sewer and water lines
- Use best management green infrastructure principles to manage stormwater
- New connection to library
- Attract artists to create arts district

**SUMMIT RESERVOIR**

- Zoning restrictions (and other land development controls)
- Private septic system and stormwater inventories (and possible future improvements)
- Mechanical and/or hydraulic dredging project (muck and sand delta removals)
- Habitat restoration and/or enhancement
- Annual maintenance protocols
- Dam maintenance and safety

**NATURAL WATERFRONT TRAIL**

- Waterfront trail connecting to Harlem Valley Rail Trail and Josh Essig Trail
- Waterfront dock and fishing access
- Interpretive signage of local and regional flora and fauna
- Connect to Summit Street and High Falls Conservation Area
- Protect natural hillside vegetation

**HIGH FALLS CONSERVATION AREA**

- Partner with the Columbia Land Conservancy to develop trail connections to High Falls

**LEGEND:**

- STUDY AREA BOUNDARY
- PROPOSED ENHANCED PEDESTRIAN NETWORK
- PROPOSED HARLEM VALLEY RAIL TRAIL
- PROPOSED NATURAL WATERFRONT TRAIL
- EXISTING JOSH ESSIG TRAIL
- FUTURE WALKING TRAIL CONNECTION
- PROPOSED WATER'S EDGE BOARDWALK
- VILLAGE GATEWAYS

**ICON LEGEND:**

<b>RECREATION</b>	<b>SCENIC/ NATURAL AREAS</b>
CANOEING/ KAYAKING	SCENIC VIEWS
FISHING	WATERFRONT ACCESS
TRAIL HEAD	<b>HISTORIC</b>
	FORMER MILL LOCATION

1 in = 112 feet
